## ANIMAL TESTING CABOT AEROGEL PRODUCTS\*

As of the date of this statement, Cabot Corporation's aerogel products have not been tested for cosmetic purposes.

Cabot's aerogel product(s) has been tested on animals, with the latest test date being August 2003; a skin sensitization in the guinea pig (Buehler Method) was performed. For additional information regarding toxicology testing, please see section 11 of the product's material safety data sheet (MSDS).

Cabot has and will perform animal testing when required by law and/or when it is necessary to protect the health of our employees and customers.

This information is being provided as of the date hereof. Please visit [cabotcorp.com/certifications](http://cabotcorp.com/certifications) for any updates to this information.

\*Includes: translucent aerogel; aerogel beads; fine particle aerogel; and IR opacified aerogel products.
